

# 3rd Workshop for Atmospheric Neutrino Production in the MeV to PeV range (WANP2022)

## Thursday, November 17, 2022

### Atmospheric neutrino experiments (10:00 AM - 12:00 PM)

time	[id] title	presenter
10:00	A1 Opening remark	ITOW, Yoshitaka
10:10	A2 Joint analysis of T2K and Super-Kamiokande atmospheric data	BRONNER, Christophe
10:40	A3 Beyond the Convention: Flux Uncertainties for TeV-Scale Atmospheric Neutrinos in IceCube	SMITHERS, Ben
11:10	A4 Atmospheric neutrinos at JUNO	LI, Yufeng
